

## Job Summary

City Compost is seeking an individual looking for part time hours, increasing to full as the business grows, who has a passion for healthy living, environmental justice, sustainability, and access to fresh food to help provide service for a fast growing composting service.

City Compost provides composting services for homes, organizations, and events throughout Massachusetts. While there are many benefits to composting in general, there are specific benefits when it comes to composting with City Compost:

- The average home reduces greenhouse gas emissions by more 250lbs worth of CO2 a year.
- With optional compost back, individuals can save \$100s on growing fresh produce right at home.
- 100% of organic material City Compost services goes to the soil to grow more fresh food. Never to landscape applications, golf courses, highway systems or as pig slop.
- 100% of organic material is processed independently, never mixed in at facilities with large industrial streams, to produce top quality compost.

## Responsibilities:

- Completion of Assigned Routes
- Quality Control and Record Keeping
- Understanding and Sharing What We Do, How, and Why

## Requirements:

- Valid Drivers License and Personal Vehicle
- Smart Phone, Tablet, or Computer with Internet Access
- Ability to Work and Drive in Variable Weather Conditions
- Ability to Lift and Carry 25-50 lbs
- Ability to Work with Little to No Direct Supervision.
- Punctual and Detail Oriented
- A Passion for Sustainable Living
- A Desire to Positively Impact the Local Food System

Please email resume and cover letter explaining why you want to work for City Compost.

Compensation: \$150.00 to \$300.00 /day

Thank you,
